OK, sounds good, Palmer.

Thanks,  
Ann

Ann:

Thanks in advance for your presentation. We will go ahead and include you, Cam and Albert on the invitation. We can add others next week.

Thanks, Palmer

Judy:

Please add the following folks to the invite for the webinar with Ann Maest next Thursday.

Thanks, Palmer

Ann Maest: AMaest@stratusconsulting.com Cameron Wobus: cwobus@stratusconsulting.com David Albert: dalbert@tnc.org

Palmer -

Cam is out of the country until Monday, but his schedule looks free for that time, and I am available. You might want to include Dave Albert, who is at TNC and also presented to you last December. His email is dalbert@tnc.org. I can let you know by Monday Nov. 14 if others will be attending. We'll put together a PowerPoint and will endeavor to send it to you by Wednesday, Nov. 16 at the latest.

Thanks,  
Ann Maest

Ann:

Thank you again for your earlier presentations to EPA, we would be very interested in hearing updates on your work.

We can arrange a web conference for next Thursday November 17 from 1-3:30 PM ET. Please let me know if that works for you and we will email you and Cam the web conference URL and call in information. Also, please let us know the email addresses for any additional folks that plan to join you and Cam for the webinar so that we can include them on the invitation.

Thanks, Palmer

Subject: Update on Pebble work

Hi Palmer –

Not sure if you remember me, but I presented to you and others at EPA last December about our work related to the Pebble Project in Alaska.

Cam Wobus and I have continued to work on the hydrologic and geochemical aspects of the proposed project, and we have some updates that you might be interested in. Let me know if there's a good time to get on a call.

Best,  
Ann Maest
